

Order of manuscript reviewing established by editorial board of scientific and technical journal
"Hydroacoustics"

On receiving of a manuscript of an article corresponding to subjects of scientific and technical activities of JSC «Concern «Oceanpribor», the editorial board of «Hydroacoustics» appoints a reviewer from among experts of JSC «Concern «Oceanpribor» with a scientific degree of Ph.D. having scientific publications on the theme of the manuscript.

In case when the material of the manuscript is beyond subjects of scientific and technical activities of JSC «Concern «Oceanpribor», the editorial board gets noted domestic experts from the related organizations, whose scientific publications correspond to the manuscript subject, involved as reviewers.

After consideration of reviews the editorial board makes decision on expediency of the article publication in the scientific and technical journal «Hydroacoustics».
